Ultrasonic Humidifier

SCH580/20

## Specifications

### Technical specifications
- Noise level: < 35 dB
- Temperature measurement range: -10-40 °C
- Relative humidity range: 20% - 80% RH
- Evaporation technology: Ultrasonic
- Evaporation output: 250 ml/h
- Water tank volume: 2 l

### Power
- Mains power: AC 220 - 240 V
- Frequency: 50/60 Hz
- Power consumption: 35 W

### Weight and dimensions
- Product dimensions (W x D x H): Ø 240 x 330 mm
- Product weight: 3.3 kg

## Product highlights

**Prevents mucous membrane irritation**
*By creating a comfortable humidity level, the ultrasonic humidifier helps protect your baby against sore throats and irritation to the mucous membrane.This has a positive effect on building up resistance to infection.*

**Helps maintain baby-soft skin**
*Adding moisture to the air helps with keeping your baby's delicate skin healthy and soft.*

**Hygrometer and thermometer handset**
*A hygrometer and thermometer handset is included to let you monitor and maintain the ideal humidity and temperature levels of your baby's room. (Ideally, between 16 to 20°C with a relative humidity of 40 to 60%).*

**No condensation**
*A safe and natural system for your home - The cool, healthy mist created by high-frequency ultrasonic waves does not cause condensation or increase room temperature.*

**Completely safe, cool mist output**
*A safe and natural system for your home - The cool, healthy mist created by high-frequency ultrasonic waves does not cause condensation or increase room temperature and is totally safe for your baby.*
